CARACTÈRE

**CARACTÈRE**  
PREMIUM SHADE 2022

jardinico<sup>®</sup>

# PREMIUM *shade*

An intuitive view on shade solutions paying tribute to craftsmanship and technical insight was translated into the Caractère collection. A premium outdoor umbrella allowing unlimited shade possibilities and discreet luxury to your garden or terrace. Quality, aesthetics and durability merge together in a modern, chic and demanding world on exterior living.

Caractère creates an elegant aesthetic that respects the architectural vision of any space. A collection that is designed with an eye for every detail and finished with the greatest care. Its versatile use makes each piece the perfect umbrella as a finishing touch for any outdoor area.

All Jardinico® Caractère designs are internationally registered.

# JCP.1 SERIES

*mid pole*

A perfect match for any project around the world, outdoor umbrellas that blend in seamlessly with the environment. Caractère One Series surprises thanks to its sturdiness.

With a canopy incline of 10°, the umbrella looks enormously flat, drawing attention to its sleek lines with an elegant touch.

JCP.102 230 x 230 cm A32 black C210 pitch

# JCP.2 SERIES

*mid pole*

Two series offers outdoor umbrellas that play a central role on your patio. A true eye-catcher, providing up to 25 m<sup>2</sup> of shade. Thanks to a telescopic system, you can smoothly open and close the sturdy umbrella at arm height without touching other furniture.

Despite their enormous strength, the umbrellas are very mobile and supported by a base of 158 kg - 348 lbs.

JCP.202 500 x 500 cm A01 white C003 pearl FLEXX bistro

The most iconic series from Caractère. Three Series includes umbrellas that are the heart of your garden, perfect for shelter and protection from the bright sun rays. Every model is extremely convenient to move and operate. By means of the slider, you can easily move this parasol into every desired position and turn it 360° without having to move its base.

# JCP.3 SERIES

*free pole*

Caractère collection gets its strength from its frame. All parts of the frame are made from aluminium, such as the interior and the full opening system. An extra strong aluminium frame with a profile thickness of 3 mm and a seamless, elegant transition from the frame to the accompanying parasol base.

JCP.303 ø 350 cm A31 charcoal C011 cotton

TUGU lounge

JCP.301 300 x 300 cm A31 charcoal C305 umber FLEXX dining

Four series is home to a variety of environments all over the world. You may find them in both private use and large projects such as hotels, public buildings, resorts and pool areas.

An exceptionally sturdy outdoor umbrella with an elegant and luxurious appearance. Supported by a 245 kg - 540 lbs base and its dimensions, this series is the perfect marriage between Belgian design, enormous strength and guaranteed quality.

# JCP.4 SERIES

*free pole*

JCP404 250 x 350 cm A31 charcoal C011 cotton SCOOP lounge

JCP.401 370 x 370 cm A12 alu teak C011 cotton

The outdoor umbrella bases of Caractère were exclusively designed in Belgium. Hot galvanised and powder coated steel plates, each with a thickness of 15 mm, give a modern and sophisticated look to each base. The heavy weight provides extremely stable support for carefree enjoyment of the outdoors.

A sturdy full aluminium frame ensures that you can operate such a large umbrella with the greatest of ease. Tilt in height or turn your umbrella 360° around its axis, depending on the position of the sun and where you want your shade.

# JCP.5 SERIES

*free pole*

Five series has proven to be the ideal model for hospitality. With four separate outdoor umbrellas of 300 x 300 cm on one central pole, this model offers no less than 40 m<sup>2</sup> of shade. Each parasol can be tilted in height and opened individually.

Gutters are available to connect them to each other and enable large areas to have complete, uninterrupted coverage from the sun or rainy weather conditions.

JCP.501 4\* 300 x 300 cm A12 alu teak C003 pearl

JCP.501 3\* 300 x 300 cm A12 alu teak C003 pearl FLEXX bistro

An umbrella that will grace every large outdoor area by its Belgian design. The JCP.601 combines two outdoor umbrellas of 300 x 300 cm that can be opened, closed and tilted in height individually. Together they provide 18 m<sup>2</sup> of shade. Thanks to one pole, the space underneath can be used optimally which makes this sunshade ideal for catering projects.

# JCP.6 SERIES

Anchored in the ground with concrete.  
Can not be moved.

### ON GROUND BASE

Only possible with a substrate where  
chemical anchoring is possible.

# Material SPECIFICATIONS

Our materials are always selected in function of intensive outdoor use and exposure to the sun. Jardinico only works with the best materials to ensure the best quality, added value and a luxurious appearance in any environment around the globe. Quality, aesthetics and durability are absolute top priorities. The best materials embrace Caractère's beautiful design for you to enjoy the outdoors carefree for many years to come.

# MATERIALS

All fabrics for the outdoor umbrellas canopies from the Caractère collection are from Sunbrella® PLUS Marine collection and made of solution dyed acrylic yarns. A global reference for marine applications, 100% recyclable and ideal for sun, wind and rain protection.

## **Performance**

All canopies are made of solutions dyed acrylic. This means the colour of the fabric runs all the way through the yarn. The colour is added to the liquid solution that the yarn is extruded from. Only solution dyed fabrics keep their colour and are resistant to fading under the effect of UV rays when exposed to the sun.

## **Stain resistant & waterproof**

All fabrics have a surface finish that makes the fabric water and stain repellent. A coating on the reverse side makes the fabric waterproof, mildew resistant and keeps its drying time to a minimum. Please consult our product data sheets or website to learn more on how to care and maintain your fabrics.

### Technical data

Composition	100% solution dyed acrylic from Sunbrella® PLUS Marine collection
Finish	Resin based anti-fungi coating, water and UV resistant
Weight	320 g/m <sup>2</sup>
UPF 50+	The fabric filters more than 98% of UVB rays
Colour fastness UV ISO 105 B02	UV ISO 105 B02: 7-8 / 8 dry & wet friction: 5 / 5

### Fast stock

Canopies available from stock. We offer 'fast stock' to speed up the delivery time of our canopies. We selected a few fabrics of which canopies are held in stock in Belgium and can be delivered quickly. This service is subject to availability of raw materials worldwide.

These colours are shown above with the following icon:

It is always possible to order canopies that differ from the fast stock colours. A delivery time of six to eight weeks should be taken into account. An overview of all available fabrics can be found above.

S31  
charcoal

S32  
black

Aluminium treated with a structured coloured coating.

Epoxy powder coating to increase durability and strength.  
It makes the material water repellent, stain and scratch resistant.

Excellent resistance to corrosion under the effect of various weather conditions due to the technique also used in marine applications.

Suitable for outdoor use. Easy to clean and maintain.

Hot galvanised steel plates treated with a structured coloured coating.

Structured powder coating to increase durability and strength.  
It makes the material water repellent, stain and scratch resistant.

Stainless steel with excellent resistance to corrosion under the effect of various weather conditions due to the technique also used in marine applications.

Suitable for outdoor use. Easy to clean and maintain.

# Protection & MAINTENANCE

To enhance the durability and appearance of your outdoor umbrella, we recommend following our care instructions regularly. The umbrella should never be used in strong wind or rainy conditions. An open umbrella should never be left unattended. The umbrella should be protected against blurring or damage by always using its accompanying protection cover. During autumn and winter, we advise to store the umbrella in a dry place when not in use.

# PROTECTION

## PROTECTION COVER

We suggest to always use the protection cover to protect your outdoor umbrella from poor weather conditions or when not in use during the summer. The protection cover can be placed over the umbrella and its pole. The stain resistant and water repellent cover will extend its life for you to enjoy your umbrella whenever you like.

Ref.	Colour	Swatch	Weight	About this fabric
X77	Black		240 g/m <sup>2</sup>	Sunbrella® surlast black, 100% solution dyed acrylic with PU coating

## GUTTERS

Gutters provide uninterrupted protection between multiple outdoor umbrellas. Connecting umbrellas enables large areas to have complete coverage from the sun or rainy weather conditions.

A gutter is always attached to the umbrella at a slight decline to allow water to drain off efficiently in desired directions.

Our gutters are only applicable on the following umbrellas:

- JCP.201 (p. 65)
- JCP.202 (p. 66)
- JCP.501 (p. 79)

They are available in the same colour as your umbrella canopy to blend in perfectly.

# MAINTENANCE

## FRAME & BASE

Clean the aluminium frame with a damp cloth, mild soap and water. Do not use any sharp tool to avoid scratches.

## CANOPY

Before use, you can apply an invisible film to make the canopy stain and water repellent by using a textile protector. You can maintain and clean your canopy by following a few simple steps:

- Brush off loose dirt before it becomes embedded in the fabric.
- Hose down.
- Spot clean soon after stains occur with water and mild soap or a textile cleaner (no detergents). Use a soft bristle brush to clean.
- Allow soap to soak in.
- Rinse thoroughly.
- Always let the canopy air dry completely before storing or covering.

Machine wash in cold water. Depending on wash load size, use normal amounts of mild laundry detergent and add 1 cup of bleach. Allow fabric to air dry. Never subject to excessive heat, steam press or tumble dry as the fabric will shrink.

## CORRECTOR PEN 12 ML

SPCOR-12ML

	A01 white
	A03 linen
	A11 taupe
	A30 anthracite
	A31 charcoal
	A32 black

Quick-drying liquid paint with built-in brush for powder-coated surfaces. Ideal for retouching small surface traces (scratches, wear).

## MAINTENANCE SET

SPCARE-TEXT-75CL

- 2 scrubbing sets
- 3 application cloths
- 1 textile protector 750 ml
- 1 textile cleaner 750 ml
